All In Denver believes in an equitable city where all people have the opportunity to prosper and thrive. To achieve that, Denver must be more strategic and bold in our housing agenda that reaches a wide continuum of households ranging from people experiencing homelessness, to very-low income working households, to young professionals.

Strategies 360 conducted a live telephone survey on behalf of All in Denver, Close to Home, Colorado Coalition for the Homeless, Del Norte Community Development Corporation, Denver Foundation, Gates Family Foundation, Gorman & Company, Habitat for Humanity of Metro Denver, and the Urban Land Conservancy. 404 likely November 2018 voters in Denver were interviewed between February 15-18, 2018, with a margin of error of +/- 4.9% at the 95% confidence level.
